Important Information about Your Health Care Coverage Options

According to our records, at least one person in your home is no longer enrolled in the BadgerCare Plus program.

If you have already gotten health insurance coverage through your employer or purchased private health insurance through the federal Health Insurance Marketplace you can ignore this letter.

If you recently lost your BadgerCare Plus benefits or have had problems applying for health insurance at the federal Health Insurance Marketplace you qualify for a special enrollment period that allows you to purchase private insurance through the Marketplace even though open enrollment has ended.

If one or both of these situations apply to you, you can purchase private health insurance through the Marketplace until **May 30, 2014**. The Marketplace may help you pay for private health insurance and will let you know if your household can get this help when you apply.

To enroll in the Marketplace go to:

- Go to the Marketplace website at www.healthcare.gov.
- Call the free Marketplace call center at 1-800-318-2596 (TTY: 1-855-889-4325).

Or you can dial 2-1-1 to get information about where you can go to get local in-person enrollment assistance.

If you have any changes in your household size or income contact your local agency listed at the top of page 1 because you may be able to re-enroll in BadgerCare Plus. Please note that child support no longer counts as income.

Examples of changes in to your household include:

- Change in income
- Change in household members
- Someone in the household becomes pregnant

BadgerCare Plus accepts applications year-round and there is not an open enrollment period for BadgerCare Plus.

The income limits for BadgerCare Plus are:
